ANNUAL REPORT

OF THE

POLICE BUREAU

OF THE

CITY OF ROCHESTER, N. Y.

1931

1931

STEPHEN B. STORY	City Manager
ISAAC ADLER	Vice Mayor
DONALD A. DAILEY	Commissioner of Public Safety
CURTIS W. BARKER	Director of Police
ANDREW J. KAVANAUGH	Chief of Police

January 1, 1932

Mr. C. W. Barker,
Director of Police,
Rochester, New York.

Sir: I respectfully submit herewith the thirty-second annual report of the Police Bureau for the year ending December 31, 1931.

The statistics contained herein have been compiled by the Division of Statistics of the Bureau of Police and conform with the standards outlined by the Committee on Uniform Crime Records of the International Association of Chiefs of Police.

The form and contents of this report are believed to represent an accurate statement of the work of the Police Bureau. While it does not show all the work accomplished, it fully describes the essential facts, presenting them statistically and in summarized form.

Comparison of major offences reported in 1931 with those of 1930 is as follows:

	1931	1930
Murder	6	4
Manslaughter	7	10
Felonious Assault	57	73
Robbery	79	55
Burglary	676	609
Grand Larceny	88	81
Auto Thefts	507	499
	<hr/> 1420	<hr/> 1331

(Increase of 7%)

The following outstanding developments occurred during the year:
1. The practical adoption of radio to police service.

June 8, 1931, radio broadcasting to moving police automobiles became a reality, and the efficiency of this service has been far beyond our expectations. This is, without doubt, the greatest invention known to science for the apprehension of criminals while in the act of committing a crime; also the apprehension of criminals as they flee from the scene of a crime. Since June, thirty-five cars have been fully equipped with radio receiving sets; and twenty-six cars are continually patrolling precinct zones.

2. Installation of the teletype receiving and transmitter set in the Division of Statistics.

This device enables us to make great strides in keeping abreast with the criminal. We are hooked up with 71 teletype stations located in the various cities of New York state, 132 stations in New Jersey and 118 stations in Pennsylvania. Through this system, within a short time after a crime has been committed, the message is broadcast over the entire states of New York, New Jersey and Pennsylvania.

The following are recommendations which I submit for your consideration:—

1. May I again recommend that the teletype system be extended to the several precinct stations, and that the Police Bureau be regarded so as to provide for twenty-seven desk sergeants who would be vested with the same authority as the regular police sergeants, and receive the same compensation.

A stenographic course should be included in the examination for Desk Sergeant. We have in the Police Bureau today men capable of taking this examination. These men have devoted their own time and efforts in graduating from a prescribed course in the public schools. I make this recommendation so as to provide for a superior officer in each precinct during the entire twenty-four hours.

2. That a Division of Crime Prevention be established and a captain placed in charge; that the two police women, now working out of my office, be assigned to this division as well as the three Officers now assigned to school safety work; and that the persons now coming to the chief's office with domestic complaints be handled by this division. I make this recommendation because a great deal of my time, which possibly should be spent on administrative work, is, of necessity, taken up in attempting to solve some of the domestic relation problems.

In concluding, permit me to express my appreciation of your cooperation during the year.

Respectfully yours,

ANDREW J. KAVANAUGH,
Chief of Police.

HOMICIDE

On January 26th, 1931, Emanuel Kolb, age 38 yrs., while visiting his sweetheart, Irma McDermott, alias Irma Vogel, at 534 Hague St. at 9:05 P.M. became involved in an argument with Mrs. McDermott and shot her with a revolver. At 2:40 A.M. Kolb was apprehended by Officers Mensing and Halley of the 6th Precinct, at his home. While being escorted to precinct station he pulled a revolver from his pocket and shot himself. Both parties later died. Motive was said to be caused by her actions with other men.

On March 29th, 1931, Fred Morse, age 62 years, of 44 Frost Ave. shot and killed his wife, May, and his brother-in-law, Lorren Cushman. He then committed suicide by shooting himself in the head. Argument started over the fact that Cushman threatened to break up house keeping, which would result in the eviction of Morse and his wife.

On April 17th, 1931, Antonio Ciaccia, age 57 years, shot his wife with a revolver, at his home 686 Dewey Ave. Murder was said to be caused by domestic troubles. Officer Harry McFarlin arrested Ciaccia, former inmate of State Hospital, who was later committed to Matteawan Insane Asylum.

On April 28th, 1931, Vincenzo Chiaramonte, age 36 years, proprietor of a speakeasy at 402 Clinton Ave. North, shot and killed Phillip Prophet. Both parties became involved in an argument over the fact that Prophet claimed Chiaramonte was paying attention to his sweetheart. The defendant was arrested but the Grand Jury failed to indict him, he, claiming to have acted in self-defense.

On Sept. 14th, 1931, John Nolan, age 65 years, of 112 South Ave., was found dead in the Genesee Turkish Bath House at above address. Upon investigation it was learned that he was killed by one Louis Lazaro, former employee of the bath house. Lazaro was never apprehended. Motive was said to be robbery.

On Nov. 14th, 1931, Vincenzo Chiaramonte, age 36 years, of 49 Linnet St. was found dead in parked automobile in vacant lot on Otis St. near Mt. Read Blvd. with two bullet wounds in his head. No arrest has been made in this case nor has motive been ascertained.

RADIO DIVISION

On June 8th, 1931, Police Radio Station WPDR was granted license to operate on 1712 Kilocycles with headquarters located in the Sixth Precinct Station under the supervision of Detective William Connell.

At the present time all Police cars are equipped with receiving sets and has undoubtedly served to increase efficiency in answering complaints received at Police Headquarters and broadcasted direct to Scout cars by the Operators at headquarters.

During the period, June 8th to Dec. 31st, the radio station has been in service 4240 hours with a loss of only 4 hours due to repairs, changes, etc. Radio cars responded to 37,815 emergency calls and 16,440 test calls were transmitted during that time.

Detective Connell, who is in direct charge of this Division has a staff composed of four licensed operators who work in conjunction with the telephone operators at Police Headquarters.

WARRANT REPORT

During the year 1931 the Police Department received 2,355 warrants from City Court, Criminal Branch for service. The police were successful in serving 2,039 and returned 101 to Clerk's office, as complainant desired to withdraw before service was obtained. There remains, now on file at Headquarters only 215 warrants unserved due to the fact that the officers were unable to locate defendants mentioned.

POLICEWOMEN

The following is a brief resume of the work performed by the Police women during the year 1931.

General information given persons who called at the office.....	2999
Calls in Homes, Hospitals, City and County Welfare Depts., etc.	573

Meetings addressed on the work of Police women	8
Employment secured Persons.....	3
Times visited Theaters	193
Times visited Dance Halls.....	30
Times attended Court	276
Times visited Department Store Rest Rooms.....	185
Times visited Hotels and Restaurants	35
Times visited Parks.....	17
Times visited Railroad Stations.....	28
Times visited Skating Rinks.....	2
Total Services	4738

RANGE REPORT

In November, 1929, a police target range was constructed in the basement of Convention Hall and a progressive system of instruction inaugurated.

Under the heading of "Offensive Fire" (aimed fire) instruction has been given in slow, timed, rapid and quick fire at still, moving and disappearing targets. Under the heading of "Defensive Fire" (point and draw or hip fire) instruction has been given in firing while advancing, advancing by rushes, retreating, from cover, taking cover, passing obstacles, in semi-darkness, in total darkness at flash of gun.

A test was completed in May, 1931, over a course selected as the best for police use. Three hundred and forty-seven officers completed this test; one qualified as an expert; ten as sharpshooters; thirty-four as marksmen and fifty-nine qualified.

During the month of November, 1931, another test was completed in which 384 officers fired; 351 qualified and 33 unqualified.

Upon the addition of new officers to the department a special instruction in shooting is required before assignment to duty.

During the year 1930, seven officers were sent to Camp Perry, Ohio, to enter the special police matches and attend the Police School conducted in machine guns and revolver firing, hand to hand fighting and use of tear gas. The team made a creditable showing in the matches. In 1931 ten officers were sent to the camp so that, at the present time, the department has a number of officers skilled in use of machine guns and tear gas.

All officers are required to shoot at least once a month. If any officer fails to attain a certain number of points, he must report to the range daily until he qualifies.

If an officer succeeds in becoming an expert, three days are added to his furlough; a sharpshooter is given two days, and a marksman one day.

LICENSE AND SANITATION DIVISIONS

These two divisions are combined under one head. The License section has charge of enforcing the issuance of all licenses and permits issued by the Mayor and Commissioner of Public Safety, as well as investigating all complaints from various social agencies, Chamber of Commerce and Better Business Bureau with relation to licensed occupations of the City.

The Sanitary section cooperates and works in conjunction with the following: Smoke, Health Bureau, Corporation Counsel's Office, City Planning Bureau, Building Bureau and the Plumbing Board.

The following is a statement of licenses and permits issued for various occupations; also complaints and investigations—with sanitary report for year of 1931.

Auctioneers	15
